Term 3 Week 1

PRINCIPAL'S MESSAGE

Welcome back to Term 3! I hope our students and families had a fun and restful winter holiday break. We had a wonderful time at the PCYC with Weilmoringle at the end of last term. All students showed respectful and responsible behaviour and had a lot of fun getting involved in the activities like ball games, laser tag, gymnastics and art. Semester 1 reports also went home and I hope you have found some time to read through them with your children. Although these are only a snapshot of our year so far, we are all very proud of the attitude and effort our students are putting in this year and they are making strong strides. This term we have a lot of exciting events planned, especially during Week 3 where we have Education Week, we will celebrate NAIDOC, as well as our 100th day of learning this year! These are massive things to celebrate at school and there will be more information sent home regarding these events. Goodooga Indigenous Games also falls in Week 3 involving an overnight stay for Years 3-6. Also, a reminder to get involved at our school on Thursday afternoons for our community workshops (see program at the end of this newsletter).

SPOTLIGHT ON OUR LEARNING

What our STUDENTS are learning

All our staff engaged in professional learning about Talk Moves and Number Talks for mathematics during this term's staff development day. The teachers have already been putting this learning to good use and we are seeing some excellent thinking from our students!

Our Goannas have been investigating place value through Number Talks about how they think and interpret numbers. Our teachers are able to listen to the students reasons and guide them if they need support. It is great to hear what our students are thining rather than looking for a correct answer on the page. Well done, Goannas!

What our TEACHERS are learning

We have been playing a Tradition Indigenous Game that Uncle Kevin Shipp taught us last term - hunting animals using woomeras. While we don't have any woomeras or spear throwers here at school, our students have shown how creative they can be and have used the lacrosse sticks to propel a tennis ball and try to hit our school kangaroo.

This has shown teachers the fantastic hand-eye coordination our students have and the right throwing technique. 2 points are awarded for a direct hit and 1 point if no hits were made but their ball stopped the closest.

We love having our equipment out for the students to use each break and are proud of the way they have been looking after them!
